

DEREK OSAWAGUAN AHAMIOJE

Data Scientist

PROFILE

I am a Data Scientist who is Skilled in exploratory data analysis and visualization, using tools like Python Language, Tableau Power BI and Microsoft excel. I always desire opportunities that will place a demand on my skills and enable me to use these skills for efficient service delivery, product development, and increasing the market value of my organization. With a Master's degree in Data science and another Master's degree in Computer Science, I am duly equipped

EDUCATION

Cardiff Metropolitan University, United Kingdom

2023 - 2024

MSc. Data Science [CGPA: 75%]

Benson Idahosa University, Nigeria

2020 - 2021

MSc. Computer Science [CGPA: 69.05%]

Benson Idahosa University, Nigeria

2006 - 2007

PGD Computer Science [CGPA:4.14/5]

Institute of Science Laboratory Technology, Nigeria

2000 - 2002

HND Science Laboratory Technology (Biochemistry/Chemistry) [Merit]

University of Benin, Nigeria

1997 - 1999

National Diploma Science Laboratory Technology [Merit]

Edo College, Nigeria

1991 - 1996

SSCE

WORK EXPERIENCE

Premier Works Support: Warehouse Operative

January 2024-Till date

[Describe your responsibilities and achievements in terms of impact and results. Use examples but keep in short.]

Happy Buddha Cleans LTD: Picker/Packer

June 2023-September 2023

Happy Buddha Clean is a Linen processing company situated in Canvey Island, England which supplies table clothes napkins, jackets, aprons and polishing materials to hotels and clubs in and around London.

Responsibilities:

- Sorted various linen products into their respective shelves for easy access.
- Processed customer delivery note using Absolute software.
- Packaged customer's order according to the specified color code for

HOBBIES

Movies
Games
Reading
Walking

onward delivery using customer list guide.

- Assisted where needed with linen product processing after pressing.

Benson Idahosa University: Assistant Lecturer

October 2022 –January 2023

Responsibilities:

- Course advising: Providing academic guide to year one undergraduate students on course registration and easy helping them adjust to their new environment seamlessly.
- Coordinating: Coordinating Part Time programs in Department of Physical Sciences by monitoring quality control compliance, handling student feedback and organizing end of semester student assessment
- Teaching: Planning and delivering lectures to year one and year two undergraduate students in introduction to computing, file processing and database management.

Benson Idahosa University: Assistant Chief Technologist

October 2021 –September 2023

Responsibilities:

- Management of the laboratories in the Faculty of Science from Biological Sciences (Biochemistry and Microbiology) to Physical Sciences (Physics and Chemistry)
- Supervising laboratory staff daily activities in Chemistry, Biochemistry, Microbiology and reporting to the dean of the faculty.
- Setting up and supervising laboratory experiments in Experimental Biochemistry for Biochemistry using equipment such as AAS, UV/ Visible spectrophotometer, Rotary evaporator, Homogenizer, Microscope etc.
- Management and Administration of Stock in Chemical Store
- Handling routine care and maintenance of laboratory equipment

Benson Idahosa University: Principal Laboratory Technologist

October 2017 –September 2021

Responsibilities:

- Supervising laboratory staff activities in Biochemistry and Microbiology unit
- Planning and preparing for students' laboratory experiments in Experimental Biochemistry.
- Providing technical support for laboratory experiments and use of equipment such as Spectrophotometer, microscope Furnace, Micro centrifuge, PCR and others.
- Managing and Administering stock in Chemical Store
- Handling routine maintenance of laboratory equipment
- Providing first aid

Benson Idahosa University: Senior Laboratory Technologist

October 2013 –September 2017

Responsibilities:

- Planning and preparing for students' laboratory experiments for Experimental Biochemistry and general chemistry (organic and inorganic).
- Providing technical support for laboratory experiments and use of equipment and tools such as Rotary evaporator, water bath, furnace, flame photometer and other, fume hood.
- Conducting routine maintenance and calibration of equipment.
- Providing first aid

Benson Idahosa University: Laboratory Technologist I

October 2009 –September 2013

Responsibilities:

- Preparing reagents and solutions for students' laboratory experiments in Experimental Biochemistry and general chemistry (organic and inorganic).
- Providing technical support for laboratory experiments and using

equipment such as spectrophotometer, fume hood, rotary evaporator and others.

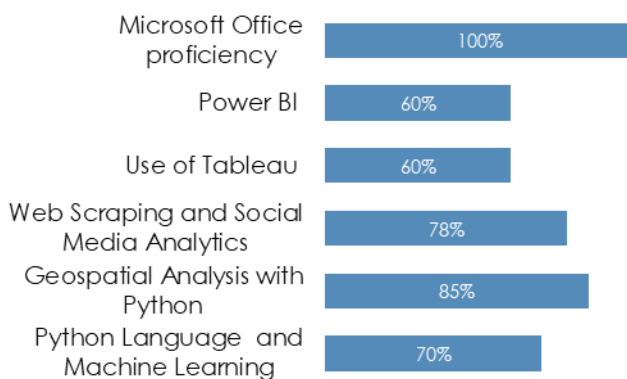

- Handling dispensing of reagents and appropriate disposal of waste.
- Providing first aid

Benson Idahosa University: Laboratory Technologist II

July 2005 –September 2009

- Preparing reagents and solutions for students' laboratory experiments in Experimental Biochemistry and general chemistry (organic and inorganic).
- Providing technical support for laboratory experiments and using equipment /apparatus like soxhlet, column chromatography. TLC and others.
- Handling dispensing of reagents and appropriate disposal of waste.
- Providing first aid

IT SKILLS

PROFESSIONAL FORTE

- Critical reasoning
- Team leadership and people management skills
- Organizational skills
- Resilient and result driven
